Supplemental Courses, Continued

Class	Evening	Time	Start Date	End Date	Tuition
Network Cabling—Copper (40 hours)- This course provides students with the knowledge and skills needed to become certified entry-level technicians in the Network Cabling industry. The course focuses on: (1) Proper tool use and construction techniques, (2) The characteristics of various industry standards; and (3) Troubleshooting and repair. Students construct, test, and troubleshoot copper-based cabling systems that are the basis of today's networking, cable television and satellite communications systems. **Deadline to register is Friday, December 14 so kit orders can be placed. * Class will be held at the Shelbyville Campus	Thursday	5:00 p.m. - 9:00 p.m.	January 10, 2019	March 21, 2019	Tuition— \$161.00 Kit to be purchased prior to class \$120.00

Class	Evening	Time	Start Date	End Date	Tuition
Structural Steel Fabricator (48 hours)- The Structural Steel Fabricator course builds on the TCAT Welding course to help the student become a complete fabricator. In addition to welding, students will learn to safely handle heavy structural steel pieces, to use tools specific to the fabrication industry, fastening of assemblies with structural bolts, air carbon arc cutting and gouging and reading and interpretation of shop specific blueprints. These skills will be a valuable asset for an employee at any of middle Tennessee's steel fabrication shops. * Class will be held at the Shelbyville Campus	Tuesday and Thurs- day	4:30 p.m. - 6:30 p.m.	January 15, 2019	April 11, 2019	Tuition— \$295.00

Note: The College reserves the right to adjust offerings and schedules based on enrollments. Class size is limited-enrollment is based on date of completed application and related requirements. Tennessee College of Applied Technology - Shelbyville is an equal opportunity training facility.
