

TENNESSEE COLLEGE  
OF APPLIED TECHNOLOGY  
SHELBYVILLE

February 12, 2021

Dear TCAT Shelbyville Student:

Due to the decreasing COVID cases in our service area, we are happy to share the news that we are bringing all students back to campus beginning Monday, February 22, 2021. This news has been shared with your instructor.

Over the next week, your instructor will be working with our facilities staff to assure your classroom and lab meet CDC guidelines for social distancing. TCAT Shelbyville has also hired additional facilities staff to clean common areas.

Please continue the following:

- Wear a mask over your nose and mouth at all times when you are on campus.
- Complete the daily screening questionnaire.
- Follow social distancing protocol.
- Report COVID related symptoms or exposures to Ms. Beverly Hall, COVID Clerk.
- Do not come to campus if you are feeling ill or have COVID related symptoms. Report your absence to your instructor and be prepared to have the absence count in your number of allowable absence hours.

TCAT Shelbyville will continue to monitor the number of COVID cases in our service area and reserves the opportunity to flex instruction back to a hybrid or online format if COVID cases increase.

Warm Regards,

A handwritten signature in cursive script that reads "Laura Monks".
